

An Internet program called PARENT CONNECT is available that allows parents to connect to the student information system of the Pennfield School District. Parents can log on to a secure website and see current school information for their students who attend Pennfield District Schools. The information is immediate, wide-ranging, and may include the following:

- School and Classroom News
- Enrollment information and daily attendance
- Grades and Schedules
- Health information
- Links to contact Staff

Using PARENT CONNECT requires a computer connected to the Internet and a PARENT CONNECT account. Accounts are free of charge and will be active until your youngest child graduates. Complete the information below and return to your child's school for access to PARENT CONNECT.

Pennfield School District User Agreement for Zangle Parent Connect

I understand that it is my personal responsibility to safeguard my confidential PIN and Password. I understand that the privacy of my student's school information may be at risk if this PIN or Password is lost or shared with others.

I agree to change my Password at the Parent Connect website if I believe others may have gained access to my PIN or Password. I agree to notify my student's school if I need assistance in changing my Password.
